

## Stress in Private and Public Sector Universities

<b>TABLE OF CONTENTS</b>	PageNo
ABSTRACT	i
ACKNOWLEDGEMENT	iii
<b>TABLE OF CONTENTS</b>	iv
LIST OF FIGURES	vii
LIST OF CHARTS	viii
LIST OF TABLES	ix
<b>CHAPTER – 1 INTRODUCTION TO THE RESEARCH THESIS</b>	
Background of the research study	1
Rationale of the study	2
Purpose	5
Research questions	5
Research objectives	5
Hypothesis	6
Assumptions	8
Significance of the study	8
Benefits and Contribution of the study	9
Questionnaire design	10
Population and sample	11
Data analysis	14
Theoretical models of workplace stress	14
Limitation of the research study	18
Contents of the thesis	19
<b>CHAPTER – 2 LITERATURE REVIEW</b>	
Defining stress	20

## Stress in Private and Public Sector Universities

Overview of stress (history)	23
Stress and burnout	24
Stress and burnout of teachers	26
Stress indicators	28
Sources of teachers stress and stressors	28
Stress and work overload	31
Stress and collegial/social interaction (CSI) relations	32
Stress and self efficacy (SE)	33
Stress and rewards	34
Stress and student/faculty interaction (SFI)	35
Stress and performance	37
Organizational consequences	38
<b>CHAPTER - 3: METHODOLOGY OF THE RESEARCH</b>	
Nature of the research	40
Population surveyed	42
Reliability of the instrument	44
Data collection instrument	44
Pilot testing	47
Reference of Tool used from previous literature	48
Data collection procedures	49
Problems/limitation encountered	52
Interview questionnaire	52
Total number of employees	52
Research schedule	52
<b>CHAPTER – 4: ANALYSIS AND DISCUSSION</b>	
Data analysis	57

## Stress in Private and Public Sector Universities

Step 1: To find out level of association between stress and the stressors; chi-square test was conducted	57
Discussions	60
Work load (WL)	60
Reward	61
Student /faculty interaction (SFI)	62
Collegial social interaction (CFI)	62
Self efficacy (SE)	63
Procedural justice (PJ)	64
Distributive justice (DJ)	64
Leadership style (LS)	65
Organizational politics (OP)	66
Conclusion of Step 1	67
Step 2: To find out contribution of each factor (Stressors) on stress; anova test was conducted	68
Discussion	73
Conclusion of step 2: To find out contribution of each factor( stressors) on stress (that will cause dissatisfaction)	74
Step-3 of analysis layout	74
Conclusion of Step 3	96
Step 4 of Analysis layout	96
Conclusion of Step 4: Regression is conducted on the stressors of private and public sector	97
<b>CHAPTER -5 CONCLUSION and RECOMENDTATIONS</b>	
Association between stress and stressors that can cause dissatisfaction	99
To find out contribution of each factor (stressors) on stress that will cause dissatisfaction	99
Who assume more stress? (Faculty of private or public sector university)	100
Effect of demography on stress	100

## Stress in Private and Public Sector Universities

Suggestions for the universities administrators	101
Recommendations for the future research	104
