3.9.1	Risks of the bank.....	60
3.9.2	Risk management by the bank.....	61

CHAPTER 4

<u>RESEARCH METHODOLOGY</u>	62	
4.1	Population of the Study	62
4.2	Sampling frame and Sampling	62
4.3	Methodology	62
4.4	Sources of data	63
4.5	Theoretical Framework	63
4.6	Analytical Framework	65

CHAPTER 5

<u>RESULTS AND DISCUSSION</u>	66	
5.1	Distribution of sample on the basis of “Gender”	66

5.2	Distribution of sample on the basis of “Position held in Organization”	66
5.3	Distribution of sample respondents on the basis of “Education”	68
5.4	Distribution of sample on the basis of “Duration on the current post”	69
5.5	Distribution of sample respondents based on “work experience in organization”	70
5.6	Distribution of sample respondents on the basis of “Training in Islamic banking”	70
5.7	Distribution of organization based on “Status in Islamic banking”	71
5.8	Distribution of “Products offered by Islamic banking”	72
5.9	Distribution of organization on the basis of “Time-span spent in Islamic Banking”	72
5.10	Nature of Organization on the basis of ownership	73
5.11	Grading of the Organizational Success	74
5.12	Offering of Microfinance services	75
5.13	Why Islamic banks have not explored the potential of Islamic microfinance Services	75
5.14	Integrating MF and IB operations need new accounting procedures	76
5.15	Integrating MF and IB operations need awareness program	77
5.16	Integrating MF and IB operations need Technological change	79
5.17	Integrating MF and IB operations need Assistance from other MFI’s	79
5.18	Pursuing Islamic Microfinance will result in poverty alleviation	80
5.19	Pursuing Islamic Microfinance will increase employment opportunities ...	82
5.20	Pursuing Islamic microfinance will result in improving the standard of living of poor	83
5.21	Pursuing Islamic Microfinance will result in Equitable distribution of wealth	84
5.22	Possibility of Integrating Microfinance and Islamic Banking	85
5.23	Integration of Microfinance within Islamic banking is feasible because both have same guiding principles	86

5.24	Integration of Microfinance within Islamic banking is feasible because both serve the same Purpose.....	87
5.25	Integration of Microfinance within Islamic banking is feasible because both can have a Niche Market.....	88
5.26	Integration of Microfinance and Islamic Banking is feasible because there is a pressing need for Islamic Microfinance services	89
5.27	Implementing Microfinance within Islamic banking operations needs qualified workforce	90
5.28	Implementing Microfinance within Islamic banking operations needs Training and Capacity building Programs for employees	90
5.29	Implementing MF within IB operations needs Special Task Force	91
5.30	Implementing MF within IB operations needs Extensive Marketing and Awareness campaigns for introducing products of IMF in the market.....	93
5.31	Implementing MF within IB operations needs to reach Rural and sub-urban areas	94
5.32	Implementing MF within IB operations needs the use of modern Technology.	95
5.33	Implementing MF within IB operations needs Support from Government and Civil society.....	96
5.34	Major Problems of Islamic Microfinance.....	97
5.35	Proposed Products for Islamic Microfinance.....	98
5.36	Is organizational Transformation of IB for Integrating IMF essential?.....	100
5.37	Benefits derived from Transformation of IB into IMF	101
5.38	Suggestions for the proposed Co-Integrated System.....	102
5.39	Chi-Square test for the Significance of the Statements Variables.....	103
5.40	Salient themes of the Interviews.....	110
5.41	Conclusion from the Interview Conducted.....	113
<u>CHAPTER-6</u>		
	<u>RECOMMENDATIONS</u>	116

CHAPTER-7

<u>Conclusion</u>	119
<u>Annexur 1</u>	121
<u>Annexur 2</u>	140
Interview conducted.....	140
Interview No. 1.....	140
Interview No. 2.....	145
Interview No. 3.....	148
Interview No. 4.....	151
