Introduction	1
1 Magic and antimagic labelings	5
1.1 Basic definitions	5
1.2 Magic-type labelings	10
1.2.1 Magic, supermagic and prime-magic labelings	10
1.2.2 Face-magic labelings	11
1.3 Antimagic-type labelings	13
1.3.1 Edge-antimagic total labelings	14
1.3.2 Vertex-antimagic total labelings	15
1.3.3 d -antimagic labelings	17
2 Labelings for 2-regular graphs	19
2.1 Labelings for cycles	19
2.2 Labelings for union of cycles	24
3 Face antimagic labelings of antiprisms	31
3.1 Necessary conditions	32
3.2 Antiprism as three cycle parts	34
3.3 d -antimagic labelings of antiprism	35
4 Face antimagic labelings of disjoint union of prisms	45
4.1 Necessary conditions	46
4.2 mD_n decomposed into $3m$ disjoint cycles	47
4.3 d -antimagic labelings of mD_n	49
5 Conclusion	59

Appendix - Graph-theoretic symbols	60
Bibliography	61
