

CONTENTS

Serial No.	Titles	Page No.
	CHAPTER # 1.....	01-31
1.0	Introduction.....	01
1.1	Background of study.....	01
1.2	Problem Identifications.....	04
1.3	Rationale of Study.....	07
1.4	Objective of Study.....	08
1.5	Theoretical Framework of study.....	09
1.5.1	<i>A General Model.....</i>	10
1.5.2	<i>Review of the first model.....</i>	11
1.5.3	<i>Review of second model.....</i>	14
1.6	Hypotheses.....	16
1.7	Scope of study.....	17
1.8	Definition of Terms.....	19
1.8.1	<i>The concept of stress.....</i>	19
1.8.2	<i>Stress and its related constructs.....</i>	20
1.8.3	<i>Antecedent of job stress and strain.....</i>	21
1.8.4	<i>Description of DCSM.....</i>	23
1.8.5	<i>Job demand and job stress.....</i>	24
1.8.6	<i>Job demand and employees.....</i>	25
1.8.7	<i>Job control and job stress.....</i>	25
1.8.8	<i>Job control and employees.....</i>	27
1.8.9	<i>Job support and stress.....</i>	27
1.8.10	<i>Job support and employees.....</i>	28
1.9	Brief introduction of WAPDA.....	28
1.9.1	<i>Organization chart.....</i>	29
1.9.2	<i>Water wing authority.....</i>	29
1.9.3	<i>Power wing authority.....</i>	30
1.9.4	<i>Finance wing authority.....</i>	31
	CHAPTER # 2.....	32-92
2.0	LITERATURE REVIEW.....	32
2.1	Model description.....	32
2.1.1	<i>Concept of active job in DC model.....</i>	35
2.1.2	<i>Concept of Passive job in DC model.....</i>	35
2.1.3	<i>Concept of low strain job in DC model.....</i>	36
2.1.4	<i>Concept of high strain job in DC model.....</i>	36
2.2	Current status of Robert Karasek DCSM	37
2.3	The JDC model and social support.....	40
2.4	The JDC model and locus of control.....	41
2.5	The JDC model & social support & locus of control	42
2.6	Independent effects of job factors on strain.....	43

CONTENTS (Cont'd)

Serial No.	Titles	Page No.
2.6.1	<i>Independent effects of job demands on strain.....</i>	43
2.6.2	<i>Independent effects of job control on strain.....</i>	44
2.6.3	<i>Independent effects of job social supports on strain.....</i>	46
2.6.4	<i>Quadratic effects of job demand, job control and social support on strain</i>	48
2.6.5	<i>Addictive effects on job factors on strain.....</i>	50
2.7	Two-Ways interaction of job factors- demand control on strain.....	57
2.8	Three-Ways interaction of job factors-demand control-support on strain.....	66
2.9	Effects of the personality variable.....	67
2.10	Work motivation theory and active learning through DC model	68
2.11	Rule of negative affectivity on strain.....	69
2.12	Locus of control and mastery.....	73
2.13	<i>The person-environmental model.....</i>	75
2.13.1	<i>Conceptualizing person-environment.....</i>	75
2.14	<i>Karasek dynamic effort reward imbalance model.....</i>	77
2.14.1	<i>Conceptualization of job demand in DC model and ERI Model.....</i>	78
2.14.2	<i>DC model and ERI model-similarity and difference.....</i>	81
2.15	Criticism on JDCSM.....	84
	CHAPTER # 3.....	93-112
3.0	Research Methodology.....	93
3.1	Methods.....	93
3.1.1	<i>Study 1- Sample.....</i>	93
3.1.2	<i>Comparison with population of DISCOS employees</i>	93
3.2	Study 2- Sample.....	94
3.2.1	<i>Comparison with population of WAPDA.....</i>	95
3.3	Measures.....	96
3.3.1	<i>Development of scales to measure job factors.....</i>	96
3.4	Study 1- Testing of hypotheses and models.....	100
3.4	Measurement of job factors.....	100
3.4.1	<i>Job demands.....</i>	100
3.4.2	<i>Job control.....</i>	100
3.4.3	<i>Social support.....</i>	101
3.5	Measurement of strain.....	102
3.5.1	<i>Job stress.....</i>	103

CONTENTS (Cont'd)

Serial No.	Titles	Page No.
3.5.2	<i>Job anxiety</i>	103
3.5.3	<i>Job dissatisfaction</i>	104
3.5.4	<i>Somatic symptoms</i>	104
3.5.5	<i>Neuroticism</i>	105
3.5.6	<i>Mastery</i>	105
3.5.7	<i>Activity participation</i>	106
3.6	Structure of final questionnaire	107
3.6.1	<i>Study 1&2 questionnaire</i>	107
3.6.2	<i>Procedure</i>	108
3.6.2.1	<i>Study 1 survey procedure</i>	108
3.6.2.2	<i>Study 2 survey procedure</i>	108
3.7	Data Analysis	109
3.7.1	<i>Approaches to data analysis</i>	109
3.7.2	<i>Overview of data analytic steps</i>	111
	CHAPTER # 4	113-127
4.0	Study 1 Testing of hypotheses	113
4.1	Overview	113
4.2	Correlation analysis.....	113
4.3	Main effects of job factors on stressors and strain.....	114
4.4	Addictive effects of stressors on strain.....	114
4.5	Main effects on stressors and strain.....	115
4.6	Quadratic effects on stressors and strain.....	116
4.7	Interactive effects on stressors and strain.....	116
4.8	Multiple regression analysis	117
4.8.1	<i>Quadrat effects</i>	117
4.8.2	<i>Interactive effects</i>	118
4.9	Analysis involving the total job factors scale	118
4.9.1	<i>Analysis involving five specific job factors scale</i>	119
4.9.2	<i>Analysis involving job factors in a single domain</i>	119
4.10	Mediator of the job factors- strain- relationship.....	120
4.11	Summary of study 1 results and findings.....	121
4.12	Discussions and conclusions from study 1	124
	CHAPTER # 5	128-197
5.0	Study 2, Testing of hypotheses and models	128
5.1	Overview	128
5.2	Additional predictions of hypotheses.....	128
5.3	Correlation analysis.....	130
5.4	Testing of stress hypotheses	132
5.4.1	<i>Main interactive effect on job stress</i>	132
5.4.2	<i>Regression analysis</i>	133
5.4.3	<i>Evaluation of Karasek Original Model</i>	134

CONTENTS (Cont'd)

Serial No.	Titles	Page No.
5.5	Summary of finding from stressors and job stress.....	138
5.6	Discussion and conclusion regarding stressors hypotheses..	140
5.7	Study 2, testing of strain hypotheses.....	141
5.7.1	<i>Correlation analysis of strain indices.....</i>	141
5.7.2	<i>Multiple regression analysis.....</i>	142
5.7.2.1	<i>Main and addictive effects of job factors on job anxiety (a & b).....</i>	142
5.7.2.2	<i>Main and addictive effects of job factors on job dissatisfaction</i>	145
5.7.2.3	<i>Main and addictive effects of job factors on job somatic symptoms.....</i>	145
5.8	Summary of findings.....	146
5.9	Discussion regarding immediate strain hypotheses	148
5.10	Study 2, Test of personality variables.....	152
5.11	Multiple regression analysis.....	154
5.11.1	<i>Main and addictive of job factors on neuroticism.....</i>	154
5.11.2	<i>Main and addictive of job factors on mastery scale.....</i>	156
5.11.3	Summary of findings of personality variables.....	157
5.12	Discussion regarding personality variables.....	162
5.13	Modeling analyses.....	166
5.13.1	<i>Model-1.....</i>	166
5.13.2	<i>Model-2.....</i>	168
5.13.3	<i>Model-3.....</i>	173
5.13.4	<i>Model-4.....</i>	175
5.13.5	<i>Model-5.....</i>	178
5.13.6	<i>Model-6.....</i>	180
5.13.7	<i>Model-7.....</i>	181
5.14	Summary of findings of modeling.....	183
5.15	Study 2, Test of activity participation hypotheses.....	185
5.15.1	Correlation analysis.....	186
5.15.2	Regression analysis	187
5.15..2.1	<i>Main and addictive effects of job factors on job performance.....</i>	187
5.15..2.2	<i>Main and addictive effects of job factors on job participation.....</i>	188
5.15..2.3	<i>Main and addictive effects of job factors on job consideration.....</i>	190
5.16	Summary of findings.....	192

CONTENTS (Cont'd)

Serial No.	Titles	Page No.
5.15	Discussion on activity participation hypotheses.....	195
	CHAPTER # 6.....	198-213
6.0	Overall Conclusion and Recommendations.....	198
6.1	Evaluation of research.....	198
6.2	Review of main findings.....	202
6.3	Theoretical implicati0on of current study.....	203
6.4	Practical implication of current study.....	206
6.5	Recommendations for WAPDA's Management.....	210
6.6	Recommendation for future researches.....	211
	References	214-241
	Appendices belonging to chapter # 4 (T1) (Regression Analyses).....	242-269
	Appendices belonging to chapter # 5 (T2) (Regression Analyses).....	270-296
	Appendices belonging to chapter # 4 & 5 (T1 + T2) (Regression Analyses).....	297-344
	Appendices belonging to chapter # 4 & 5 (T1 + T2) (Correlation Analyses).....	345-348
	Appendices belonging to Questionnaires.....	349-357

LIST OF TABLES

Serial No.	Titles	Page No.
T1 A1	Linear Regression Analyses of Qualitative Demands Scale (of Total Demands) on various Predictors of Model and their Interactions	242
T1 A2	Linear Regression Analyses of Employees Demands Scale (of Total Demands) on various Predictors of Model and their Interactions	243
T1 A3	Linear Regression Analyses of Workload Demands Scale (of Total Demands) on various Predictors of Model and their Interactions	244
T1 A4	Linear Regression Analyses of Conflicts Demands Scale (of Total Demands) on various Predictors of Model and their Interactions	245
T1 B1	Linear Regression Analyses of Qualitative Control Scale (of Total Control) on various Predictors of Model and their Interactions	246
T1 B2	Linear Regression Analyses of Employees Control Scale (of Total Control) on various Predictors of Model and their Interactions	247
T1 B3	Linear Regression Analyses of Workload Control Scale (of Total Control) on various Predictors of Model and their Interactions	248
T1 B4	Linear Regression Analyses of Conflicts Control Scale (of Total Control) on various Predictors of Model and their Interactions	249
T1 C1	Linear Regression Analyses of Qualitative Stressors Scale (of Total Stressors) on various Predictors of Model and their Interactions	250
T1 C2	Linear Regression Analyses of Employees Stressors Scale (of Total Stressors) on various Predictors of Model and their Interactions	251
T1 C3	Linear Regression Analyses of Workload Stressors Scale (of Total Stressors) on various Predictors of Model and their Interactions	252
T1 C4	Linear Regression Analyses of Conflicts Stressors Scale (of Total Stressors) on various Predictors of Model and their Interactions	253
T1 D1	Linear Regression Analyses of Sub-Set of Demands Scale on various Predictors of Model and their Interactions with Sub-Set Control and Stressors	254
T1 D2	Hierarchical Regression Analyses of Sub-Set of Total Demands and Total Control Factors on various Predictors of Model and their Interactions	255
T1 D3	Linear Regression Analyses of Job Demands Scales upon a Single Job Factor and Predictor of Model and their Interactions	257
T1 D4	Linear Regression Analyses of Job Control Scales upon a Single Job Factor and Predictor of Model and their interactions	258
T1 D5	Linear Regression Analyses of Job Supervisory Supports Scales upon A Single Job Factor and Predictor of Model and their Interactions	259
T1 D6	Linear Regression Analyses of Job Colleagues Scales upon A Single Job Factor and Predictor of Model and their Interactions	260

LIST OF TABLES (Cont'd)

Serial No.	Titles	Page No.
T1 D7	Linear Regression Analyses of Job Social Supports Scales upon A Single Job Factor and Predictor of Model and their Interactions	261
T1 D8	Hierarchical Regression Analyses of Job Demands and Job Control Scales upon A Single Job Factor and Predictors of Model and their Interactions	262
T1 D9	Hierarchical Regression Analyses of Job Demands and Job Social Supports Scales upon A Single Job Factor and Predictors of Model and their Interactions	263
T1 D10	Hierarchical Regression Analyses of Job Control and Social Supports Scales upon A Single Job Factor and Predictors of Model and their Interactions	264
T1 D11	Hierarchical Regression Analyses of Job Demands, Job Control and Job Social Supports Scales upon A Single Job Factor and Predictor of Model and their Interactions	265
T1 D12	Linear Regression Analyses of Job Stressors Scales upon A Single Job Factor of Job Strain and Predictor of Model and their Interactions	267
T1 D13	Linear Regression Analyses of Job Strain Scales upon A Single Job Factor and Predictor of Model and their Interactions	268
T1 D14	Hierarchical Regression Analyses of Job Stressors and Job Strain Scales upon A Single Job Factor and Predictor of Model and their Interactions	269
T2 A1	Linear Regression Analyses of Qualitative Demands Scale (of Total Demands) on various Predictors of Model and their Interactions	270
T2 A2	Linear Regression Analyses of Employees Demands Scale (of Total Demands) on various Predictors of Model and their Interactions	271
T2 A3	Linear Regression Analyses of Workload Demands Scale (of Total Demands) on various Predictors of Model and their Interactions	272
T2 A4	Linear Regression Analyses of Conflicts Demands Scale (of Total Demands) on various Predictors of Model and their Interactions	273
T2 B1	Linear Regression Analyses of Qualitative Control Scale (of Total Control) on various Predictors of Model and their Interactions	274
T2 B2	Linear Regression Analyses of Employees Control Scale (of Total Control) on various Predictors of Model and their Interactions	275
T2 B3	Linear Regression Analyses of Workload Control Scale (of Total Control) on various Predictors of Model and their Interactions	276
T2 B4	Linear Regression Analyses of Conflicts Control Scale (of Total Control) on various Predictors of Model and their Interactions	277

LIST OF TABLES (Cont'd)

Serial No.	Titles	Page No.
T2 C1	Linear Regression Analyses of Qualitative Stressors Scale (of Total Stressors) on various Predictors of Model and their Interactions	278
T2 C2	Linear Regression Analyses of Employees Stressors Scale (of Total Stressors) on various Predictors of Model and their Interactions	279
T2 C3	Linear Regression Analyses of Workload Stressors Scale (of Total Stressors) on various Predictors of Model and their Interactions	280
T2 C4	Linear Regression Analyses of Conflicts Stressors Scale (of Total Stressors) on various Predictors of Model and their Interactions	281
T2 D1	Linear Regression Analyses of Sub-Set of Demands Scale on various Predictors of Model and their Interactions with Sub-Set Control and Stressors	282
T2 D2	Hierarchical Regression Analyses of Sub-Set of Total Demands and Total Control Factors on various Predictors of Model and their Interactions	283
T2 D3	Linear Regression Analyses of Job Demands Scales upon a Single Job Factor and Predictor of Model and their Interactions	285
T2 D4	Linear Regression Analyses of Job Control Scales upon a Single Job Factor and Predictor of Model and their interactions	286
T2 D5	Linear Regression Analyses of Job Supervisory Supports Scales upon A Single Job Factor and Predictor of Model and their Interactions	287
T2 D6	Linear Regression Analyses of Job Colleagues Scales upon A Single Job Factor and Predictor of Model and their Interactions	288
T2 D7	Linear Regression Analyses of Job Social Supports Scales upon A Single Job Factor and Predictor of Model and their Interactions	289
T2 D8	Hierarchical Regression Analyses of Job Demands and Job Control Scales upon A Single Job Factor and Predictors of Model and their Interactions	290
T2 D9	Hierarchical Regression Analyses of Job Demands and Job Social Supports Scales upon A Single Job Factor and Predictors of Model and their Interactions	291
T2 D10	Hierarchical Regression Analyses of Job Control and Social Supports Scales upon A Single Job Factor and Predictors of Model and their Interactions	292
T2 D11	Hierarchical Regression Analyses of Job Demands, Job Control and Job Social Supports Scales upon A Single Job Factor and Predictor of Model and their Interactions	293
T2 D12	Linear Regression Analyses of Job Stressors Scales upon A Single Job Factor of Job Strain and Predictor of Model and their Interactions	294
T2 D13	Linear Regression Analyses of Job Strain Scales upon A Single Job Factor and Predictor of Model and their Interactions	295

LIST OF TABLES (Cont'd)

Serial No.	Titles	Page No.
T2 D14	Hierarchical Regression Analyses of Job Stressors and Job Strain Scales upon A Single Job Factor and Predictor of Model and their Interactions	296
T1 & T2 (A1)	Linear Regression Analyses of Qualitative Demands Scale (of Total Demands) on various Predictors of Model and their Interactions	297
T1 & T2 (A2)	Linear Regression Analyses of Employees Demands Scale (of Total Demands) on various Predictors of Model and their Interactions	298
T1 & T2 (A3)	Linear Regression Analyses of Workload Demands Scale (of Total Demands) on various Predictors of Model and their Interactions	299
T1 & T2 (A4)	Linear Regression Analyses of Conflicts Demands Scale (of Total Demands) on various Predictors of Model and their Interactions	300
T1 & T2 (B1)	Linear Regression Analyses of Qualitative Control Scale (of Total Control) on various Predictors of Model and their Interactions	301
T1 & T2 (B2)	Linear Regression Analyses of Employees Control Scale (of Total Control) on various Predictors of Model and their Interactions	302
T1 & T2 (B3)	Linear Regression Analyses of Workload Control Scale (of Total Control) on various Predictors of Model and their Interactions	303
T1 & T2 (B4)	Linear Regression Analyses of Conflicts Control Scale (of Total Control) on various Predictors of Model and their Interactions	304
T1 & T2 (C1)	Linear Regression Analyses of Qualitative Stressors Scale (of Total Stressors) on various Predictors of Model and their Interactions	305
T1 & T2 (C2)	Linear Regression Analyses of Employees Stressors Scale (of Total Stressors) on various Predictors of Model and their Interactions	306
T1 & T2 (C3)	Linear Regression Analyses of Workload Stressors Scale (of Total Stressors) on various Predictors of Model and their Interactions	307
T1 & T2 (C4)	Linear Regression Analyses of Conflicts Stressors Scale (of Total Stressors) on various Predictors of Model and their Interactions	308
T1 & T2 (D1)	Linear Regression Analyses of Sub-Set of Demands Scale on various Predictors of Model and their Interactions with Sub-Set Control and Stressors	309
T1 & T2 (D2)	Hierarchical Regression Analyses of Sub-Set of Total Demands and Total Control Factors on various Predictors of Model and their Interactions	310
T1 & T2 (D3)	Linear Regression Analyses of Job Demands Scales upon a Single Job Factor and Predictor of Model and their Interactions	312
T1 & T2 (D4)	Linear Regression Analyses of Job Control Scales upon a Single Job Factor and Predictor of Model and their interactions	313
