Introduction	1
1 Weighted Estimates for One-sided Operators in Variable Exponent Lebesgue Spaces.	5
1.1 Introduction	5
1.2 Preliminaries	6
1.3 Hardy-Littlewood One-sided Maximal Functions. One-weight Problem	12
1.4 One-sided Fractional Maximal Operators. One-weight Problem	17
1.5 Generalized Fractional Maximal Operators. Two-weight Problem . .	21
1.6 Fefferman-Stein Type Inequality	33
1.7 The Trace Inequality for One-sided Potentials	35
1.8 Hardy-Littlewood Type Inequalities	37
1.9 Two-weight Inequalities for Monotonic Weights	37
1.10 Riemann-Liouville Operators on the Cone of Decreasing Functions . .	48

2	Integral Operators in $L^{p(x)}$ Spaces Defined on Spaces of Homogeneous Type.	52
2.1	Introduction	52
2.2	Preliminaries	53
2.3	Hardy-type Transforms	65
2.4	Potentials	71
2.5	Maximal and Singular Operators	82
	List of notations	89
	Bibliography	90
